

# Marin McCormack

Arlington, VA | 703-887-0578 | marinmccormack2025@gmail.com

## OBJECTIVE

---

I am a motivated worker seeking an internship opportunity to grow my knowledge in computer science and data science by working with people who have experience in this field. I hope to apply the computer science skills I've gained throughout my high school courses to real-world problems.

## EDUCATION

---

### NORTHERN VIRGINIA COMMUNITY COLLEGE

*Dual Enrolled Student*

Computer Programming I 2022-23

Database Design and Management 2022-23

Computer Programming II 2023-24

Physics 2023-24

*Arlington, VA*

*Non-Degree Seeking*

### ARLINGTON TECH

*Advanced High School Diploma*

Arlington Tech is a rigorous, STEM-oriented high-school magnet program at the Arlington Career Center. It prepares students to succeed in college and in the workplace through collaborative problem-solving and project-based learning.

AP Computer Science Principles 2021-22

Web Page Design and Multimedia 2023-24

*Arlington, VA*

*Expected June 2025*

## ACTIVITIES

---

### VA UNION ECNL (COMMITTED TO PLAY SOCCER AT UVA)

*Play left wing*

- Lead my team on and off the field and enjoy motivating everyone to try their hardest. This has helped me develop a stronger work ethic and gain confidence.

*McLean, VA*

*Sep 2023*

### National Honor Society

*Society Member*

Completed service hours and met academic requirements for membership

*Arlington, VA*

*Oct 2023*

### Volunteered with the Kindness Activist ([www.thekindnessactivist.org](http://www.thekindnessactivist.org))

*Community service*

- Helped with activities such as yard sales, holiday gifts, and stocking the Free Pantry to benefit the community

*Arlington, VA*

*Sep 2021 – present*

### Kindness Club

*Co-President*

- Motivate others to be kind to each other through special school activities
- Support the mission of the Kindness Activist by volunteering our help with special projects
- Paint rocks with positive messages

### Arlington Tech Programming Team

- Compete at local colleges and take part in weekly practices

*Fall 2021-present*

### Girls In Technology program

- Meet monthly with female mentors who share their experiences in technology careers

*Fall 2021-present*
